13 MAY 1977

MEMORANDUM FOR: Deputy Director for Administration

FROM : F. W. M. Janney
Director of Personnel

SUBJECT : Statistical Summaries - Retirement
Counseling and Employment Assistance
Branch

Jack:

1. Forwarded herewith, for your information, are three reports which show the activities and rate of effectiveness of our employment assistance function. The subject line on each report describes the substance of the report.

2. In all cases the rate of effectiveness was determined by relating actual "placements" to the number of active, persistent job-seekers; in the parlance of the "outplacement" business, such persons are referred to as "real" clients. In arriving at the rate of effectiveness, we have not included the number of clients who wanted only counseling or testing or assistance in preparing a resume and who did not work actively with the counselors in looking for employment.

3. Please note the increased interest by DDO employees, as reflected in the DDO Statistical Summary. In the 15 months from July 1975 through September 1976, 48 DDO-ers were clients; just about the same number were clients for the following seven months, half the previous period.

(Signed) F. W. M. Janney
